Results from CLASS® Observations

Thank you for your support during the recent Office of Head Start onsite CLASS® review conducted from 11/14/2016 to 11/18/2016 of your Head Start program.

Observations were conducted in preschool center-based classrooms using the Pre-K Classroom Assessment Scoring System (CLASS®). The CLASS® tool looks at three domains and ten dimensions of teacher-child interactions and measures those observed interactions on a seven point scale. Please share these results with the appropriate governing board, policy council, management, staff and stakeholders.

DOMAIN	Score	DOMAIN	Score	DOMAIN	Score
Emotional Support	6.0823	Classroom Organization	5.7805	Instructional Support	2.8943

DIMENSIONS					
Positive Climate	6.00	Behavior Management	5.91	Concept Development	2.11
Negative Climate*	1.17	Productivity	6.24	Quality of Feedback	2.70
Teacher Sensitivity	5.85	Instructional Learning Formats	5.18	Language Modeling	3.88
Regard for Student Perspectives	5.65				

*Note: To calculate the Emotional Support domain, subtract the Negative Climate score from 8, add the Positive Climate, Teacher Sensitivity, and Regard for Student Perspective scores, then divide by 4.

For more information on CLASS® domains and dimensions, please see the attached description and visit the Early Childhood Learning and Knowledge Center, National Center on Quality Teaching and Learning at <http://eclkc.ohs.acf.hhs.gov/hslc/tta-system/teaching>.

If you have any questions, please contact your Regional Office.

Overview of Findings

From 10/27/2015 to 10/29/2015, the Administration for Children and Families (ACF) conducted an Environmental Health and Safety (EnvHS) review event for the Akron Summit Community Action Agency Head Start and Early Head Start programs. We wish to thank the governing body, Policy Council, staff, and parents of your program for their cooperation and assistance during the review event. This Head Start Review Event Report has been issued to Ms. Angela Tucker Cooper, Board Chairperson, as legal notice to your agency of the results of the on-site review event.

Based on the information gathered, no area of noncompliance was found during the course of the review. Accordingly, no corrective action is required at this time.

Please contact your ACF Regional Office with any questions or concerns you may have about this report.

Distribution of the Head Start Review Report

Copies of this report will be distributed to the following recipients:

Ms. Kay Willmoth, Regional Program Manager
Mr. Joshua Ironfield, Policy Council Chairperson
Mr. Malcolm Costa, CEO/Executive Director
Mrs. Allyson V. Lee, Head Start Director

Overview of Findings

From 12/7/2015 to 12/11/2015, the Administration for Children and Families (ACF) conducted a Fiscal/ERSEA (Eligibility, Recruitment, Selection, Enrollment, and Attendance) review event for the Akron Summit Community Action Agency Head Start and Early Head Start programs. We wish to thank the governing body, Policy Council, staff, and parents of your program for their cooperation and assistance during the review event. This Head Start Review Event Report has been issued to Ms. Angela Tucker Cooper, Board Chairperson, as legal notice to your agency of the results of the on-site review event.

Based on the information gathered, no area of noncompliance was found during the course of the review. Accordingly, no corrective action is required at this time.

During your review, the team used a sampling methodology that included a random selection of child files. If your report includes findings related to evidence that involved sampling, the finding narratives in your report include specific percentages from each sample that were determined by dividing the number of issues found by the total sample size. This methodology, which uses statistically driven random samples, allows the Office of Head Start to use information collected through the representative samples to make generalizations regarding your program as a whole.

For example, if, during your review, the reviewer(s) examined a sample of 45 child files, the finding narrative will indicate the percentage of files that were identified with an issue. The percentage will be determined by dividing the number of child files with issues by 45.

Please contact your ACF Regional Office with any questions or concerns you may have about this report.
